FEATURED PRINT DIRECTIONS

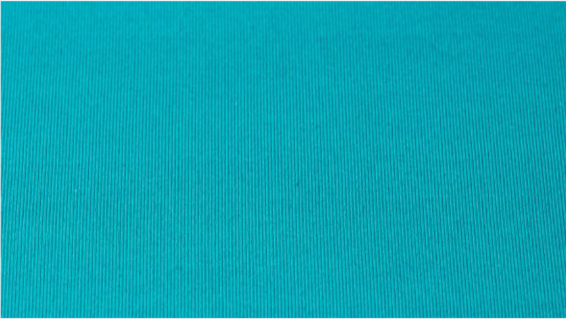

BU_21V4 MIDNIGHT BOTANICA DESIGN CHARACTER A premium, high-contrast floral with coral-pink blooms on a deep black ground. The dark base gives the print confident evening appeal while the lighter petals retain definition. BEST SUITED TO Statement lingerie, fashion intimates and coordinated separates. PALETTE Black • coral • blush • soft green SUGGESTED PRINT BASE 614 polyester rigid satin or another approved polyester base following strike-off.	DP_15V4 WHISPER BLOOM DESIGN CHARACTER An airy outlined floral in blush, lilac and soft grey on a clean pale ground. The restrained palette feels refined, wearable and easy to coordinate. BEST SUITED TO Everyday lingerie, feminine capsule collections and lighter seasonal colourways. PALETTE Ivory • blush • lilac • soft grey SUGGESTED PRINT BASE 614 polyester rigid satin or a recycled polyester option, subject to print and handle approval.

FROM DESIGN TO FINISHED FABRIC

PRINT BASES & NEXT STEPS

Both designs can be tested on suitable in-stock polyester & poly-Lycra qualities. Quality 614 is a current standard Simplex print base, a recycled polyester route is also available and in different qualities.

	
614 100% POLYESTER RIGID SATIN	1414 RECYCLED OPTION 100% RECYCLED POLYESTER PRINT BASE
POSITIONING A stable, smooth satin selected for crisp print definition and confident colour.	POSITIONING A lower-impact route for brands seeking recycled content without losing the visual impact of sublimation printing.
SPECIFICATION 150 cm width • 157 gsm • 100% polyester	SPECIFICATION 150 cm width • 90 gsm • 100% polyester
APPLICATIONS Lingerie and activewear	APPLICATIONS Lingerie

A SIMPLE APPROVAL ROUTE

Select design → choose fabric base → approve strike-off → confirm order → knit, dye or print and finish in the UK.
